Other items useful to have available

For a home birth:

<ul style="list-style-type: none"> ● Birth preferences ● Maternity notes ● TENS machine ● Pillows ● Create a calm birthing area at home – consider dim lighting, fairy lights, relaxing scents and music ● Drinks (flat energy drinks or water) ● Books / audiobook / magazines ● Hypnosis tracks / CDs ● Birth ball ● Cooling gel packs ● Flannels ● Hand held fan 	<ul style="list-style-type: none"> ● Straws for easy drinking ● Snacks for during labour (slow release energy foods such as cereal bars, bananas, oat biscuits) ● Refreshing ice cubes or cubes of fruit (e.g. mango) in the freezer for crunching on ● Tissues ● Electric powered candles ● Lip balm ● Hand cream ● Massage oil ● Hairband to tie up hair ● Old towels/sheets ● Disposable change mats 	<ul style="list-style-type: none"> ● Headphones, earplugs, and eye mask to enable effective rest periods ● Pen and notebook ● MP3 / phone with music and speakers or CDs ● Phones and chargers ● Camera and charger ● Comedy shows / films on tablet ● Birth pool ● New liner for birth pool ● Filling and emptying kit for birth pool ● Swimwear for use in the birthing pool (optional) ● Swimwear for birthing companion in case they
---	--	---

<ul style="list-style-type: none"> ● Comfortable clothes to labour in (does not need to be nightwear) ● Hot water bottle ● Microwaveable wheat bag 	<ul style="list-style-type: none"> ● Ground sheet or polythene dust sheet with an old duvet or blanket on top for comfort 	<p>want to go in the pool with you</p> <ul style="list-style-type: none"> ● Mirror for use under water ● Torch for use if lighting is dimmed
---	--	--

For a hospital birth:

<ul style="list-style-type: none"> ● Birth preferences ● Maternity notes (if you have any) ● TENS machine ● Pillow or a pillow case to put on a hospital pillow for comfort ● Own small comforting blanket ● Comfortable clothes to labour in (does not need to be nightwear) ● Fluffy socks ● Drinks during labour (flat energy drinks or water) ● Straws for easy drinking ● Snacks for labour (slow release energy foods such as cereal bars, bananas, oat biscuits) 	<ul style="list-style-type: none"> ● Headphones, earplugs, eye mask to enable effective rest periods ● Pen and notebook ● MP3 / phone with music and speakers or CDs and CD player ● Phones and chargers – ideally a long cable to reach the sockets ● Camera and charger ● Books / audiobook / magazines ● Comedy or feel -good shows/films on tablet – downloaded rather than streamed via wifi ● Hypnosis tracks / CDs ● Electric candles ● Your own birth ball*, unless you are happy to use one provided for you 	<ul style="list-style-type: none"> ● Cooling gel packs ● Flannels ● Hand held fan for keeping cool ● Hot water bottle ● Microwaveable wheat bag ● Tissues ● Lip balm ● Hand cream ● Massage oil ● Hairband to tie up hair ● Comforting or inspiring photo ● Swimwear for use in the birthing pool
---	---	---

**Both the Consultant Led Unit and Rushey Midwifery-Led Unit have birthing balls available to use, and also a variety of aromatherapy oils available.*

Any items brought into the hospital are done so at your own risk and RBFT cannot accept any responsibility for any loss or theft.

For birth partner:

<ul style="list-style-type: none"> ● Items to freshen up with toothbrush and toothpaste, deodorant, a change of clothing. ● Their own snacks and food.
--

For after birth – for you:

Our top tip is to pack a small overnight bag with enough of these items for a short stay. Then have a couple of bags packed at home so if you need to stay in longer everything is prepared for your partner / family / friend to bring in for you.

<ul style="list-style-type: none"> ● Maternity pads (like sanitary pads but more absorbent) ● Dressing gown (dark coloured) ● Comfy clothes or nightwear (dark coloured) ● Comfortable knickers (dark coloured) ● Tops with easy access for baby 	<ul style="list-style-type: none"> ● Slippers or flip flops ● Socks ● Breast pads ● Nursing bras ● Toiletries ● Tissues ● Soft, dark-coloured towels (small and large) ● Plastic bag for dirty laundry to send home 	<ul style="list-style-type: none"> ● Toothbrush and toothpaste ● Hairbrush ● Earplugs ● Money ● Useful telephone numbers (breastfeeding support, family, friends, doula)
---	---	---

For after birth – for baby:

<ul style="list-style-type: none"> ● Frozen colostrum, if you have expressed this in pregnancy. It is important to label this with your name and maternity number and keep in a cool bag with ice blocks ● If you are planning to formula feed your baby, please bring ready-made formula starter packs (these have ready-made formula and sterile bottles ready to use) 	<ul style="list-style-type: none"> ● Nappies ● Wipes or cotton wool ● Cardigan/s ● Sleep suits ● Vests ● Blankets 	<ul style="list-style-type: none"> ● Soft towels ● Muslins ● Bibs ● Hat for leaving hospital
--	---	--

Taking baby home – important please read**

- Warm clothes or a blanket for baby – remember that, if travelling by car, these should be layered over the car seat harness, babies shouldn't wear snowsuits / coats before being strapped into a car seat.
- Sling or baby carrier if walking.
- Car seat if driving.

****Remember to make sure you know how to fit your car seat safely into your car. Try it out at home in advance. Hospital staff can help you put baby into the seat, but are not trained in car seat fitting and so cannot help with that.**
